FILTER COFFEE - MACHINES

PO-2000

(13.021.006)

Stainless steel profi filter coffee machine with one heating plates. Coffee jug is optional.

Duration:

Coffee jug 2lt 6,0'

Hot water jug 4,5'

Heating

element power:

2000 W

Operation voltage:

230 VAC/50Hz.

Dimensions:

205x380x530mm

157 €

PO 1000

(13.021.002)

Filter coffee machine with removable boiler for easy cleaning and convenient front filling.

CONTROLS: Auto-serve switch (starts brewing process), ON/OFF switch, electronic water level control.

Performance:

1 Coffee jug ('12 cups) 6,0'

1 Jug hot water 4,5'

Power of boiler's

heating element:

2000 W

Power supply:

230 VAC/50Hz

Dimensions:

205x380x530mm
